Dear Senator Johanns:

My name is and I am a constituent in your district. I am also a patient of Donna Huber, L.Ac., I am writing to you today to ask you to support and co-sponsor HR 646, a bill that will amend the Social Security Act to have Acupuncture as a covered benefit for Medicare receipted and Federal Health Benefit Plans.

I have had acupuncture for

I find acupuncture treatments to be effective for my ailment and non invasive. Allow me to share my personal experience with acupuncture:

As a voting member of your district, I think that increased congressional support for HR 646 will better the lives of millions of Americans. Passage of the bill will also offset millions of dollars in costs for medical procedures such as surgeries in the United States. Can America truly afford the rising costs of health care without giving its citizens the more cost effective option of Acupuncture and Oriental Medicine?

I hope that you will take the time to research this bill and perhaps even get an Acupuncture treatment for yourself. I am looking forward to following the passage of HR 646 and seeing you as a co-sponsor.

Thank you,
